

UA TRANSMISSION
SYSTEM
OPERATOR

Unbundling. Next steps

Pawel Stanczak
General Director
Gas Transmission System
Operator of Ukraine Branch

June 26, 2019

Key factors for the Operator's work

01.01.2020

Certification

Tariffs

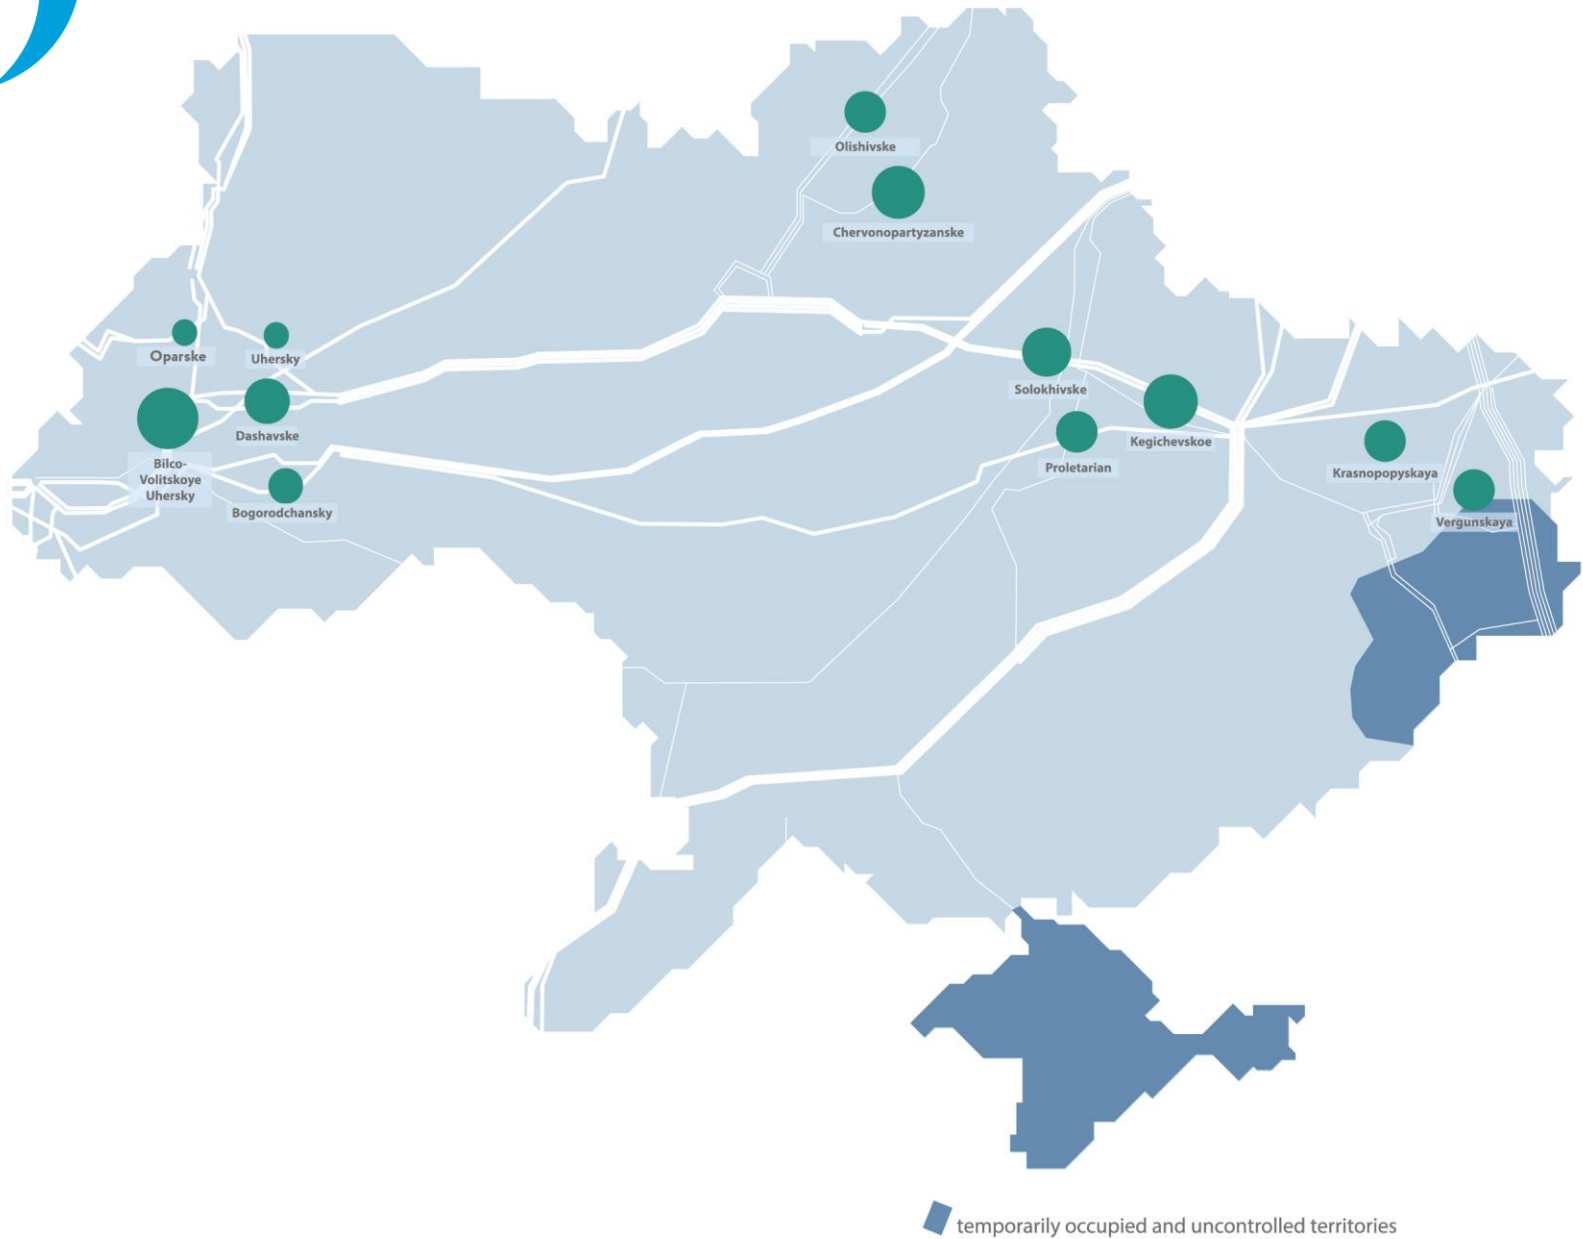

Ukrtransgaz as the current gas transmission system operator negatively impacted by:

- Economically unjustified tariffs
- Unauthorized gas offtakes

In case of the conservation of the current situation and without the financial support of the Naftogaz Group, an independent TSO may go into bankruptcy in 6 month

Gas transmission system of Ukraine

THANK YOU!
